MEDICINAL.

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion and nutrition. Some times this loss of flesh is accompanied by variable appetite, but in many cases the appetite does not fall and there may be a constant desire to eat. Languor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Pagan, of New York City. "I was suffering from indigestion, with cold hands and feet; everything I ate distressed me, bowels were constipated and I was growing very thin and nervous. I cannot half express the feelings I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of the 'Discovery' and have taken several bottles of Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so greatly improved in health my friends often speak of it. I most heartily recommend these medicines to all suffering as I was."

The People's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps for expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

BRYAN MUST SIT DOWN.

The permanent headquarters of the democratic state committee of New York were formally opened at Albany last night. David B. Hill and Frank Campbell, chairman of the democratic state committee, said they were pleased at what they termed the success of their efforts in having a "harmony house" warming.

The most startling utterances of all the speakers was Senator Patrick H. McCarran's reference to William Jennings Bryan. There had been much harmony talk by the previous speakers, and urgent appeals to get together. It remained for Senator McCarran, however, judging from the manner in which his remarks were received, to strike the nail on the head.

This meeting, said Senator McCarran, "augurs well for the success of the democracy at next fall's election. There are assembled as representatives of all factions from all parts of the State. The letter of John O. Sheehan, who represents an important political faction in New York city, would indicate his desire for harmony. The democracy that I represent wants it and so does Tammany Hall, as shown by the presence of the triumvirate here. This is a democratic State. That being the fact, it is time for plain talk. We have a good deal in the newspapers as to the position of William J. Bryan. If there ever was a man in the United States that owed absolute loyalty to the democratic party and its candidates that man is Mr. Bryan. If it is true, as reported in the papers, that he will not support this or that man for office because of this or that reason, it is about time he was told to go away back and sit down."

EPIDEMIC OF LOCKJAW.—Residents of cyclone-stricken Galia, Texas, are greatly alarmed over an epidemic of tetanus, or lockjaw, which has broken out among those who were injured in the storm. Five persons have died of the disease during the last week, two of them—Mrs. W. H. Maddux and Miss Rubens Mathis—Saturday night. Their sufferings for hours before death were acute, and other residents are in terror, fearing a similar fate. Singularly enough all the fatal cases have been among the whites up to this time, although physicians say negroes are more susceptible to lockjaw than are white persons. A number of blacks are now suffering with the disease, and all of them are expected to die. So far not a single patient stricken has recovered. The physicians are baffled and admit they are powerless to combat the disease successfully. Said one physician: "Lockjaw is caused by tetanus bacillus, which is found everywhere, even in the dust of streets. It is harmless until it is excluded from the air. Once the bacillus gets beneath the skin of the wound and loses contact with the air it begins to manifest its poisonous activity and causes lockjaw. That is what happened here."

GREAT FIRE PREDICTED.—Prof. Gustave Meyer, "Scientific American astrologer," of Hoboken, N. Y., has uttered a grave prophecy concerning the District of Columbia. According to his reading of the stars there is a series of horrible conflagrations hovering over the capital city, with destruction and death in their train. The following is a letter received yesterday from this Jersey seer, by Chief Engineer Robert Dutton, of the District fire department:
As a young American astrologer I write to warn and advise you that the stars indicate to me that some unusual large fire will occur in Washington, D. C., during June 6, 7, 8, 10, 11, 12, 17, 18, and 19, and it will be well for you to be more than usually precautions, and much loss of life and property can then be averted. I remain respectfully
GUSTAVE MEYER.
N. B.—I might also add that great fires are imminent during these dates in the following places: New York city, New Jersey, Pennsylvania, and Boston, and it will be well for you to convey this information along the line.

A HOUSE OF CARDS.—Mr. Carlisle, who has recently returned from Cuba, met, while there, a number of the best and most intelligent people. They were nearly unanimous in their opinion that Cuba, as a republic, would not last. Some thought that it would not hold together for six months, and others for a year, but few believed it would last much longer. It was generally conceded that the United States would take Cuba under its protecting wing by annexation inside of two years and the wealthy and business interests of the country regarded it as a "consummation devoutly to be wished."

WEDDING CURS LAMENESS.—At Glenville, W. Va., yesterday Mrs. Sarah Sager, aged 75 years, and Mr. John Williams, of the same age, were married. Mrs. Sager had been almost an invalid for several years and had constantly used a cane in limping about. A few hours after the wedding yesterday she threw away the cane and was walking as well as anyone. She had

ABOUT KODOL DYSPEPSIA CURE.

That's Why Its Sale Is Increasing So Rapidly—So there must be Something in Merit After All.

Fair minded people always admit it when they find an article of merit. If it has done them good they want to help others, too. Thousands bear witness to the wonderful curative qualities of Kodol Dyspepsia Cure. It is the only preparation which positively and completely digests any good food you may eat. No one disputes the fact that some other digests partially accomplish this result. Pepsin, for instance, is found in the healthy stomach. When it is lacking, the patient takes pepsin and it helps him. But pepsin digests only albuminous foods, like meat and eggs. Maybe there's plenty of pepsin and a lack of the other digestants. Then it does no good. That's the trouble with the other preparations. They don't contain all the digestants. Kodol Dyspepsia Cure contains them all. It digests any good food you want. You don't have to diet. The feeling of fullness after eating is immediately relieved by Kodol Dyspepsia Cure.

"I used Kodol Dyspepsia Cure for dyspepsia and it gave me relief at once. I can highly recommend it." E. D. Williamson, Cuyahoga, N. C.

"I had dyspepsia in its worst form and felt miserable most of the time until I used Kodol Dyspepsia Cure, which has completely cured me." Mrs. W. W. Taylor, Hilliard, Pa.

Read It in His Newspaper.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though I were new,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will bear of her wonderful recovery. This valuable liniment is for sale by Richard Gibson, druggist.

Don't Start Wrong.
Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sore throats, coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. W. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." For sale by E. S.
